

The Road

CCLI 7287686

Each step I took led me astray

Further from God's perfect way

Sin had marked my every mile

Death stood waiting all the while

There is a road that leads to life

Where mercy conquered sin and strife

My Savior died for all my sins

Now He holds my life

Down the road of time

Grace was sealed at the cross

Love stretched beyond every loss

I called His name He welcomed me

His risen life has set me free

Every journey abounding with grace

Every step I take brings me to a place

Where everlasting life guides my way

I walk with Christ forevermore
